PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A probable communications facility is situated on a 95-acre plot, 8 kilometers (km) south of Uzhgorod, near the village of Koritnyany (Figure 1). The installation contains a transmitter building, an administration building, four multi-unit residences, four permanent barracks, an equipment maintenance building, two vehicle maintenance buildings, a small arms range, and 18 small miscellaneous buildings.

This installation is visible on photography [redacted] when all buildings appeared except the administration and barracks which

might have been under construction at that time. The area is not so sharply defined nor so neat in appearance. [redacted] all construction was complete and the area began to appear as a well-defined rectangle situated in surrounding fields of irregular shape. [redacted]

[redacted] the facility had an appearance which has not subsequently changed.

The installation was covered by [redacted] missions [redacted]

DESCRIPTION OF INSTALLATION

Road Service

A hard-surface, dual-lane road extends 1.1 km north to the Koritnyany-Khomok road and to the highway leading 6.5 km north-northeast to Uzhgorod.

Administrative and Troop Housing Area

Area D contains four multi-unit residences, four permanent barracks, one administration building, and six small, single story miscellaneous buildings.

Other Buildings and Facilities

One permanent transmitter building and

eight small, single story, miscellaneous buildings are located in Area H.

Equipment Storage/Maintenance Area

Area J contains one permanent 150- by 45-foot equipment maintenance building; two permanent vehicle maintenance buildings, one 120 by 30 feet and one 90 by 30 feet; and five small, single story, miscellaneous buildings.

Small Arms Firing Range

Area L is a 330- by 45-foot small arms firing range.
